AVERTISSEMENT -Les lits surélevés et le lit supérieur des lits superposés ne conviennent pas aux enfants de moins de 6 ans, en raison des risques de blessures dues aux chutes.

AVERTISSEMENT-S'ils ne sont pas utilisés correctement, les lits superposés et les lits surélevés peuvent présenter un sérieux risque de blessure par étranglement. Ne jamais attacher ou suspendre des éléments à des parties du lit superposé qui ne sont pas destinés à être utilisés avec ledit lit. Ces éléments comprennent, sans toutefois s'y limiter, les cordes, les ficelles, les cordons, les crochets, les ceintures et les sacs.

AVERTISSEMENT-Les enfants peuvent se retrouver coincés entre le lit et le mur, une partie d'un toit incliné, le plafond, des meubles adjacents (par exemple, des placards) ou autre. Pour éviter tout risque de blessure grave, la distance entre la barrière de sécurité supérieure et les éléments environnants ne doit pas dépasser 75mm ou doit être supérieure à 230mm.

AVERTISSEMENT-Ne pas utiliser le lit superposé ou le lit surélevé si une pièce de la structure est manquante, ou cassée.

-Il est impératif de toujours suivre les instructions de montage et d'utilisation du fabricant.

-Il est nécessaire de ventiler la pièce afin de maintenir un niveau peu élevé d'humidité et d'empêcher le développement de moisissure dans le lit et autour de celui-ci.

-Vérifier régulièrement que tous les éléments de fixation sont correctement serrés.

IMPORTANT:

- PLEASE READ THESE INSTRUCTIONS CAREFULLY AND KEEP FOR FUTURE REFERENCE.

WARNING High beds and the upper bed of bunk beds are not children under six years due to the risk of injury from falls.

WARNING Bunk beds and high beds can present a serious risk of injury from strangulation if not used correctly. Never attach or hang items to any part of the bunk bed that are not designed to be used with the bed, for example, but not limited to ropes, strings, cords, hooks, belts and bags.

WARNING Children can become trapped between the bed and the wall, a roof pitch, the ceiling, adjoining pieces of furniture (e.g. cupboards) and the like. To avoid risk of serious injury the distance between the top safety barrier and the adjoining structure shall not exceed 75mm or shall be more than 230mm.

WARNING Do not use the bunk bed/high bed if any structural part is broken or missing.

Always follow the manufacturer's instructions.

Recommended size of the mattress(es) is 190x90 cm.

Ventilation of the room is necessary in order to keep the humidity low and to prevent mould in and around the bed.

Check regularly that all assembly fastenings are properly tightened.

WARNUNG Hochbetten und das obere Bett bei Etagenbetten sind wegen des Verletzungsrisikos durch Stürze nicht für Kinder unter sechs Jahren geeignet.

WARNUNG Wenn sie nicht richtig verwendet werden, können Hochbetten und Etagenbetten ein schweres Verletzungsrisiko durch Strangulierung darstellen. Es dürfen niemals Elemente an Teilen des Hochbetts befestigt oder aufgehängt werden, die nicht zur Verwendung mit besagtem Bett bestimmt sind. Diese Elemente umfassen, sind aber nicht beschränkt auf, Seile, Fäden, Schnüre, Haken, Gütel und Taschen.

WARNUNG Kinder können sich zwischen dem Bett und einer Wand, einer gekippten Wandstelle, der Decke, Möbeln in der Nähe (zum Beispiel Schränke) oder anderem einklemmen. Um jedes Risiko einer schweren Verletzung zu vermeiden, darf der Abstand zwischen der oberen Sicherheitsschranke und den Elementen in der Umgebung 75 mm nicht überschreiten oder muss größer als 230 mm sein.

WARNUNG Das Hochbett oder das Etagenbett darf nicht verwendet werden, wenn ein Teil des Aufbaus fehlt oder beschädigt ist. Ersatzteile müssen beim Hersteller oder im Laden bestellt werden.

Die Montage- und Gebrauchsanweisungen des Herstellers müssen unbedingt immer befolgt werden.

Es ist notwendig, den Raum zu lüften, um einen geringen Feuchtigkeitsgrad aufrechtzuerhalten und die Entwicklung von Schimmel im Bett und seiner Umgebung zu verhindern.

Die Montagevorrichtungen müssen immer angemessen festgezogen und regelmäßig überprüft werden. Wenn nötig, erneut festziehen.

Wenn ein Nachtlicht vorhanden ist, kann dies dem im oberen Bett schlafenden Kind mehr Sicherheit geben.

ADVERTENCIA Las camas elevadas y la cama superior de las literas no son convenientes para niño menores de seis años debido al riesgo de lesiones por caída.

ADVERTENCIA Si no se emplean correctamente, las camas elevadas y las literas podrían presentar riesgo de lesiones por estrangulación. No enganche o suspenda elementos a las partes de la litera que no estén destinadas a emplearse con la cama. Estos elementos pueden ser, sin que por ello la lista sea limitativa, cuerdas, cintas, cordones, ganchos, cinturones y bolsas,

ADVERTENCIA Los niños podrían quedar atrapados entre la cama y la pared, una parte del techo inclinada, el techo, muebles adyacentes (armoirios por ejemplo) u otros. Para evitar cualquier riesgo de lesión grave, la distancia entre la barrera de seguridad superior y los elementos que la rodean no deberán superar los 75 mm o ser superiores a 230 mm,

ADVERTENCIA No utilice una litera o cama elevada si una pieza de la estructura falta o está dañada. Las piezas de recambio deberán solicitarse al fabricante o a la tienda.

Siempre será obligatorio seguir las instrucciones de montaje y empleo del fabricante, También será necesario ventilar la habitación para mantener un nivel de humedad poco elevado y evitar el desarrollo de mohos en la cama y su entorno, Los dispositivos de ensamblaje deberán apretarse de manera adecuada y comprobarse regularmente. Apretarlos si fuera necesario

Una luz de noche ofrecerá más seguridad al niño que duerma en la cama superior.
